

Список публикаций оппонента **Остапчука А.А.**

по областям исследований, соответствующим теме диссертации:

1. Kocharyan G.G., **Ostapchuk A.A.**, Pavlov D.V., Ruzhich V.V., Batukhtin I.V., Vinogradov E.A., Kamai A.M., Markov V.K. Experimental study of different modes of block sliding along interface. Part 2. Field experiments and phenomenological model of the phenomenon // *Physical Mesomechanics*. – 2017. – V. 20. – №2. – P. 193-202.
2. Kocharyan G.G., **Ostapchuk A.A.**, Martynov V.S. Alteration of fault deformation mode under fluid injection // *Journal of Mining Science*. – 2017. – V. 53. – №1. – P. 216-223.
3. Kocharyan G.G., Novikov V.A., **Ostapchuk A.A.**, Pavlov D.V. A study of different fault slip modes governed by the gouge material composition in laboratory experiments // *Geophysical Journal International*. – 2017. – V. 208. – №1. – P. 521-528.
4. Adushkin V.V., Kocharyan G.G., **Ostapchuk A.A.**, Pavlov D.V. Precursors of dynamic failure on a tectonic fault // *Doklady Earth Sciences*. – 2016. – V. 470. – №2. – P. 1100-1103.
5. **Ostapchuk A.A.**, Pavlov D.V., Markov V.K., Krashennnikov A.V. Study of acoustic emission signals during fracture shear deformation // *Acoustical Physics*. – 2016. – V. 62. – №4. – P. 505-513.
6. Adushkin V.V., Kocharyan G.G., **Ostapchuk A.A.** Parameters determining the portion of energy radiated during dynamic unloading of a section of rock massif // *Doklady Earth Sciences*. – 2016. – V. 467. – №1. – P. 275-279.
7. **Ostapchuk A.A.**, Pavlov D.V., Batukhtin I.A. On a possible mechanism of transforming discontinuity deformation regime // *International Symposium on International Society for Rock Mechanics Proceedings*. – P. 125-128.
8. Budkov A.M., Kocharyan G.G., **Ostapchuk A.A.**, Pavlov D.V. Effect of deformation properties of discontinuities on intensity of induced seismicity sources in rocks. Part II: laboratory and numerical experiments // *Journal of Mining Science*. – 2015. – V. 51. – №6. – P. 1085-1090.
9. Kocharyan G.G., Markov V.K., **Ostapchuk A.A.**, Pavlov D.V. Mesomechanics of shear resistance along a filled crack // *Physical Mesomechanics*. – 2014. – V. 17. – №2. – P. 123-133.
10. Kocharyan G.G., **Ostapchuk A.A.**, Markov V.K., Pavlov D.V. Some questions of geomechanics of the faults in the continental crust // *Izvestiya, Physics of the Solid Earth*. – 2014. – V. 50. – №3. – P. 355-366.
